All employees coming within the established bargaining unit shall be required to sign dues deduction authorization cards at the time of hiring. The Company shall deduct against such cards dues and assessments on behalf of each employee. ARTICLE 5 SENIORITY

5.01

Seniority shall be defined as the length of an employee's service with the Company, calculated as outlined in 5.02 unless his seniority was lost. In the event that seniority was lost for any of the reasons set forth in 5.03, seniority shall date from the time the employee returned to work following the last break in his seniority.

5.02

Employees shall be classified according to the following:

Probationary Employee

A probationary employee is one who has been hired with a view to his becoming a regular employee. In order to have completed the probationary period, a probationary employee shall be required to work for a period of four (4) calendar months in a twelve month period. A probationary employee shall be placed on the seniority list and his seniority date shall be determined by selecting a date four (4) calendar months earlier than the first Monday following their fourth Calendar month, provided that such date shall not be earlier than his actual date of hire.

On the first Monday following the fourth calendar month, s/he will be placed on the seniority list and given the regular rate for the job. The seniority order for two or more employees hired on the same day will be established through a draw during their orientation period. The seniority date for all employees hired on the same day will be the hire date unless there is a layoff during the probationary period. Any employees laid off during their probationary period and subsequently rehired will have their seniority dates adjusted by the number of working days not worked.

Temporary Employee

A temporary employee is one who has been hired for seasonal periods, vacation and illness relief, short-term temporary requirements or emergency situations. Temporary employees shall have recall rights for temporary work based upon their original date of hire provided that they are qualified and able to perform the duties for the position.

A temporary employee will be required to work a probationary period of 1132 hours. Should, in the opinion of the Company, the employee be found to be incompetent or unsuitable during the probationary period, the employee shall be dismissed and not have access to the grievance and arbitration procedure. A temporary employee who has passed his probationary period shall not be subject to the provisions of 5.02 (a) should they be promoted to a regular employee.

A temporary employee will be terminated if he/she has not worked for 120 calendar days or if the temporary employee is unavailable when called for work 3 times in a 90 day period without prior approval.

Regular Employee

A regular employee is one who:

- I. Has been hired before April 1, 2013 and has actually worked for a period in excess of one hundred and thirty-two (132) working days in a twelve month period as a temporary employee; or
- II. Has actually worked in excess of four (4) calendar months as a probationary employee; or
- III. Having been reclassified from temporary to probationary status, has actually worked in excess of a total of four (4) calendar months from the commencement of his last employment with the Company.

With the exception of temporary and probationary tradesmen whose skills are required, the Company will not hire temporary or probationary employees so long as there are seniority employees on lay-off who are capable of performing the work.

Should the Company at any time determine to increase its regular employee work force, it shall give consideration in hiring to temporary employees whose job performance has been satisfactory to the Company. Hiring decisions are at the sole discretion of the Company.

Insured Benefits

Insurance and benefit entitlements will commence upon attainment of regular employee status.

If a probationary or temporary employee is injured or suffers an industrial illness which entitles him to Workers' Compensation coverage, the time periods referred to in 5.02(A), (B) and (C) above, shall be increased by the number of days for which he was covered by Compensation, provided however that he shall not be given a seniority date earlier than his actual date of hiring.

5.03

Seniority shall be considered lost:

if an employee quits his job voluntarily.

if an employee is discharged for cause not reversed by the Grievance Procedure.

if an employee fails without good reason, to report for duty when recalled after lay-off within seven (7) days after notice has been mailed to him by registered mail or hand delivered at his last known address.

if an employee is laid off for a period in excess of twelve (12) consecutive months, or for a period in excess of benefit entitlement under the Guaranteed Wage Plan, whichever is greater.

5.04

Subject to the provisions of Article 1.01 herein, a seniority list shall be posted for the bargaining unit defined by that Article every six (6) months and a copy of that list will be forwarded to the appropriate bargaining unit secretary.

The list, as herein provided, shall contain the name and seniority date of each employee who has acquired seniority under the provisions of this Agreement. Where two or more employees are hired on the same day, the actual time of hiring will determine their seniority ranking.

5.05

In the event that an opportunity for promotion or preferred job occurs in the bargaining unit, employees who apply for the promotion or preferred job shall be given preference on a seniority basis for filling such position provided that the applicant's competence, qualifications and abilities meet the required standards for the new position as advertised in the job posting.

Notice of such vacancy or preferred job will be initially posted on the bulletin board(s) in the department where the opening exists, for five (5) working days giving the full particulars of the job.

First consideration shall be given to employees in the department where the vacancy exists. Second consideration shall be given to relief employees who work in the department or department work area where the vacancy exists.

If it is not filled from within the department, the vacancy will be posted plant-wide for a further seven (7) working days to provide an opportunity for the employees in the bargaining unit to apply for the vacant position or preferred job. The Company may fill any position temporarily either before or after posting, but shall not be obliged to try out all applicants.

The successful applicant will be notified within ten (10) working days of the closing date of the advertised job posting.

Where relief employees are not available, the Company will post all vacancies resulting from vacations, illnesses or other causes, where the Company anticipates the vacancy to last more than fifteen (15) working days.

Employees who are on an approved leave of absence at the time the job posting is in effect, may telephone the personnel department for the purpose of ascertaining if a job posting is in effect and may request that a copy be mailed to him. As a result of such telephone advice, an employee may make application for such posting by registered mail (without having a copy of the notice) within the time limits prescribed herein. An application made by registered mail shall be deemed to have been received by the Company the day next following the date on which the postmark has been made.

5.06

When an employee is promoted to a supervisory position he shall retain all rights and privileges to his former position for a period of six (6) months from the date on which he was promoted, provided that he maintains his Union membership in good standing during such period.

5.07

Where the company may require an employee to transfer to another department for reasons of physical disability, such employee shall retain his plant seniority. The Company shall be required to advise the Union of such action.

5.08

Seniority List

1. It is agreed that the regular employee seniority list as of January 1, 2014 including those on LTD, shall be maintained and will only be reduced through attrition.
2. The company shall be free to hire temporary employees and will not be required to add to the regular employee list unless the ratio of full time hours to temporary hours exceeds 2:1.

The company agrees that the number of temporary employees will not exceed the number of active full time employees.

ARTICLE 6 LAYOFFS AND RECALLS

6.01

Seniority shall apply in the event of it becoming necessary to reduce staff. All layoffs shall be made impartially and in strict order of seniority, providing the senior employee is able and willing to efficiently perform with a reasonable period of training to be mutually agreed, the work required of him. An employee transferred to another job according to the seniority provisions, in order to avoid layoffs, shall immediately be paid at the rate of the job to which he is transferred. When the working force is increased following a layoff, the employees will be recalled in order of seniority to their former jobs or to jobs which they are able and willing to efficiently perform, with a reasonable period of training to be mutually agreed by the Company and the Union.

6.02

The local union president and chief steward shall be exempt from any temporary layoff so long as there is work in the plant which they are willing and able to perform.

6.03

It is understood that when an employee is not scheduled for work for more than seven (7) calendar days, they are considered on a layoff.

Whenever the Company finds it necessary to proceed to layoffs, it is agreed and understood that the Company will provide a notice period according with the Employment Standards prior to the effective date of layoff or pay in lieu thereof.

Notification of recall shall be made by telephone first (verbal), then in writing by registered mail or courier, to the last telephone number or address that the employee shall have recorded with the Company. It shall be the responsibility of the employee to keep the Company notified of his telephone number and address so that he may be contacted.

It is further agreed that whenever the Company has to extend employment beyond the notice period due to manpower requirements, then the Company will extend the layoff period by a minimum of seven (7) days

This seven (7) days extension procedure is permitted to repeat for a continuous thirty (30) calendar day period beyond the original notice period, after which a new notice period is required, according to Newfoundland Labour Standards.

It is further agreed that the above procedures do not apply in cases of recall to meet manpower requirements caused by short term absences caused by illness, vacation, etc.

Once the layoff has been implemented, employees recalled from layoff will not be subject to a notice until they have completed thirty (30) calendar days of employment.

ARTICLE 7 HOURS OF WORK AND OVERTIME

7.01

With the exception of operating engineers, forty (40) hours per week, five (5) consecutive eight (8) hour days, Monday to Friday, will constitute a week's work. Schedule "B" attached to and forming part of this Agreement outlines the work week for operating engineers. The 12 hour shift configuration will be adhered to in accordance with Schedule G.

Day shifts shall commence between the hours of 7:00 a.m. and 10:59 a.m.
Afternoon shifts commence between the hours of 11:00 a.m. and 5:59 p.m.;
Night shifts shall commence between the hours of 6:00 p.m. and 6:59 a.m.;

At the company's discretion the company may schedule employees to work one (1) extra hour in a week. This right may be exercised during not more than 26 weeks in each year. Where the company schedules employees on this extra hour, it will be paid at straight time. The extra hour, when scheduled, will be used for training, education and/or communication.

When employees are working on the twelve (12) hour shift configuration, this extra hour will be added to the eight (8) hour day. All training, education and/or communications shall be included on the schedule when it is posted.

7.02

Any work performed in excess of eight (8) hours per scheduled working period or calendar day shall be paid at the rate of time and one half for the first three (3) hours, thereafter, double time will be paid.

Shift rotation shall continue on the basis of (a) days; (b) nights; and then (c) afternoons.

7.03

All work performed by an employee on the first day off following his normal weekly scheduled hours of work shall be paid for at the rate of time and one half and all work performed on the second day off following his normal weekly scheduled hours of work shall be paid for at the rate of double time. Notwithstanding anything to the contrary herein contained, work on Sunday, when Sunday is not one or part of one of the employee's consecutive five (5) shifts, shall be paid for at the rate of double time and work on Saturday, when Saturday is not one or part of the employee's consecutive five (5) shifts, shall be paid for at the rate of time and one half.

Shift engineers are excluded from the Monday through Friday work week and shall be paid at the rate of double time for work performed on a calendar Sunday.

7.04

Shift premiums shall be paid as follows:

For all hours worked on shifts scheduled to start between 11:00 a.m. and 5:59 p.m.: \$0.65

For all hours worked on shifts scheduled to start between 6:00 p.m. and 6:59 a.m.: \$1.10

There shall be no pyramiding of the above shift premiums. Appropriate shift premiums will be paid for all hours scheduled to be worked on Saturdays, Sundays and Statutory Holidays.

7.05

The schedule of hours to be worked each day shall be posted at least two (2) working days in advance of the first of such scheduled days and the scheduling shall provide for at least sixteen (16) hours elapsed time between the close of each man's shift and the start of his next shift, except for an employee who is scheduled to change from one group of consecutive shifts to another or, in the case of an emergency, from a single shift to a double shift or vice versa. In this case, the said elapsed time may be reduced to eight (8) hours.

Without changing schedules posted pursuant to the preceding paragraph, an employee may be requested to take over a shift different from that which was posted for him, provided he is given four (4) working hours notice of such change and further provided that at least eight (8) hours time will elapse from the end of his posted shift to that of his new shift.

If these two conditions are not met, the employee shall be entitled to be paid at the appropriate overtime rate for any work performed by him during what would have been his regular time off according to his regular posted work assignment.

7.06

When an employee is called back to work for a specific job after he has completed his shift and has left the Brewery, he shall be paid at a minimum of five (5) hours pay at the appropriate overtime rate.

7.07

If an employee reports for work on a scheduled shift without having been informed previously not to report, unless his failure to receive notice not to report is due to absence without just cause from his shift, if less than four (4) hours work is available for him, he shall be given four (4) hours pay notwithstanding.

7.08

The Company may request that employees work overtime. The Company agrees to distribute overtime as equitably as possible amongst those employees who normally do the work for which overtime is required.

If an error is made in overtime distribution, the employee will be offered the next available overtime opportunity. No overtime pay will be provided until this next overtime opportunity is worked; provided that the opportunity to work presents itself within thirty days.

With the exception of contiguous overtime, probationary and temporary employees shall not work any overtime if a regular employee is willing and able to perform the work.

7.09

Under Clause 7.07 above, it is understood that an employee may be assigned under such circumstances to work other than his regular assignment.

7.10

Under no circumstances shall there be any duplication of the various forms of premium and overtime pay provided for in this Agreement.

7.11

If an employee is injured at work and cannot complete his shift, he will be sent home and will be paid for the balance of the regular shift.

7.12

Employees shall be permitted to change shifts provided that the manager agrees in writing prior to the commencement of the changed shift. Permission to change shifts will not be unreasonably withheld.

7.13

Temporary employees shall be scheduled or called-in for a minimum of four (4) hours of work.

7.14

Banking of overtime will be permitted up to a maximum of forty-eight (48) hours from April 1st to March 31st, according to the below rules:

- All banked overtime must be used or paid out from April 1st to March 31st;

 - 24 hours of the employee's bank must be used between Boxing Day and New Year's Day according to 14.08.
 - 24 hours in the employee's bank can be used during other parts of the year.
- Stationary engineers are excluded from that clause.

ARTICLE 8 BREAK PERIODS AND LUNCH PERIODS

8.01

Two rest periods of fifteen (15) minutes duration, including time to travel to and from their job location, will be scheduled for each employee during shifts.

An employee shall be permitted a rest period of fifteen (15) minutes duration, including time to travel to and from his job location, for each two (2) hour period of overtime worked.

8.02

With the exception of brewhouse personnel and shift engineers, one hour will be provided between the hours of noon and 2:00 p.m. to eat lunch. In the case of the brewhouse personnel and shift engineers, the present established procedure will remain in effect.

8.03

Employees who agree to work two (2) hours overtime past their regular shift, will be granted a meal allowance of \$10.00.

8.04

The lunch and supper break will start not later than 5 hours after the start of the shift.

ARTICLE 9 WAGES

9.01

The Company agrees to pay wages as set forth in Schedule 'A' attached to and forming part of this Agreement.

9.02

Employees temporarily transferred to a higher rated job for the convenience of the Company will receive the higher rate for all hours worked on the job. An employee transferred to a lower rated job for the convenience of the Company shall not have his regular rate reduced.

ARTICLE 10 PAY DAY

10.01

All wages shall be paid on or before Thursday, 12:00 noon of each week, by direct deposit only.

Effective January 1, 2021 (first pay of the year), all wages shall be paid every other Friday, by direct deposit only.

For any pay error of more than eight (8) hours, it will be possible to request an off cycle payroll adjustment. The request must be made before the end of day on Monday following the deposit. Thereafter the adjustment will be made within two (2) business days.

ARTICLE 11 GRIEVANCE PROCEDURE

There shall be an earnest effort on the part of both parties to this Agreement to deal promptly with complaints and grievances through the procedure provided below.

11.01

An employee who has a complaint or question shall ordinarily discuss the matter with his supervisor, but if this does not satisfy him, or if for any reason his complaint or question is of such a nature that he prefers to refer it to his steward first, he may do so.

Step 1:

An employee who has a complaint or grievance shall, within ten (10) working days from the time the grievance arose, refer it to his shop steward. The steward will present the matter to the department head and shall endeavor to arrange a satisfactory settlement. If such settlement cannot be arranged, the steward shall then state the grievance in writing and the department head will have two (2) working days to provide a written answer.

Step 2:

If the grievance is not decided to the satisfaction of the grievor or grievors, the grievance shall, within the five (5) working day period immediately following written receipt of the supervisor's written answer, be submitted, in writing, to the brewery manager, or in his absence, the individual charged with his responsibility, who shall meet with the Grievance Committee or other designated representative of the Union within two (2) working days after the grievance has been referred to him and if a satisfactory settlement is not arranged within two (2) working days of such meeting, the matter shall be referred to arbitration.

11.02

Where either party to this Agreement wishes to initiate a grievance concerning the general policy of either the Union or the Company which affects the orderly administration of this Agreement or which concerns the interpretation or application of this Agreement, such grievance may be submitted at Step 1 of Clause 11.01. In a case where the Company initiates a grievance, the grievance shall be directed to the president of the Union and the same time limits outlined in Step 1 shall apply.

11.03

In the case of a group grievance, that is a grievance of two or more employees involving the same facts and circumstances, the grievance shall be reduced to writing by a steward within ten (10) working days from the time the grievance arose, and the grievance shall be dealt with commencing with Step 1, as herein provided.

11.04

In the case of a discharge grievance, the grievance shall be reduced to writing by a steward within ten (10) working days from the time the grievance arose. Within the said ten (10) day period, the grievance shall be submitted in writing to the brewery manager, or in his absence, the individual charged with his responsibility, who shall meet with the Grievance Committee or other designated representative of the Union within two (2) working days after the grievance has been referred to him. If a satisfactory settlement is not arranged within two (2) working days of such meeting, the matter may be referred to arbitration.

11.05

Saturdays, Sundays and observed holidays shall not count as "working days" as referred to in this Article 11.

11.06 Arbitration

A) Where a grievance remains unsettled and/or there is a question as to whether a matter is arbitratable, either of the parties may, after exhausting any grievance procedure established by this Agreement, notify the other party, in writing, within ten (10) working days from the date when a decision was given or should have been given under Step 2 of its desire to submit the difference or allegation to arbitration, which shall be heard by a single arbitrator to be mutually agreed upon by both parties. Such notice of desire to arbitrate shall contain the names of at least three (3) arbitrators acceptable to the party referring the matter to arbitration, who shall be chosen having regard to their impartiality, their qualifications in the interpretation of agreements, and their familiarity with industrial matters.

B) An earnest effort will be made by both the Company and the Union to reach mutual agreement on the person to be requested to serve as arbitrator, but if such agreement cannot be reached within five (5) working days of the date of notice of arbitration, then either party may make an application to the Minister of Labour for the Province of Newfoundland and Labrador to appoint an arbitrator to hear the matter. The arbitrator shall hear and determine the difference of allegation and shall issue a decision. The decision of the arbitrator shall be final and binding on the parties and upon the employees affected by it.

C) The arbitrator shall not have the power to alter or amend any of the provision of this Agreement.

D) Having determined that an employee has been discharged or otherwise disciplined by the Company for just cause, an arbitrator may substitute such other penalty for the discharge or discipline as he deems just and reasonable in all the circumstances.

E) The reasonable cost of such arbitration, including the fees and expenses, stenographic services, etc., of the arbitrator, shall be equally shared by both parties to this Agreement.

F) Any of the time limits referred to in this article may be extended by mutual agreement, in writing, between the parties to this Agreement.

11.07

The Shop Steward or any member of the Grievance Committee may request the assistance of a full time representative of the Union at any step of the grievance procedure and/or the grievor.

11.08

The following provisions will apply to all grievances involving suspensions in excess of five (5) working days and discharge for disciplinary reasons:

The Company and Union will agree to a list of three (3) Arbitrators who will be assigned cases on a rotation basis. Arbitrators may be excused if unable to hear a dispute within thirty (30) calendar days.

The Party pursuing the grievance will contact the Arbitrator on or about the same date as the filing of the grievance.

Grievances under these provisions would be initiated at Step 2 of the Grievance Procedure.

The parties will meet prior to the arbitration hearing and attempt to agree to a written statement of fact.

The decisions of the Arbitrator will be issued verbally within seven (7) days of conclusion of the hearing and will follow with a written statement of his/her reasoning.

ARTICLE 12 DISCIPLINE

12.01

Discipline for work performance incidents shall strictly follow a system of progressive discipline.

12.02

Dismissals or suspensions for cause shall be subject to the approval of the brewery manager or, in his absence, a designated member of Management. An employee who has been discharged or suspended shall have the opportunity, if so requested, to meet in private with a shop steward prior to leaving the premises in a place designated by the Company.

12.03

A) A dismissed or suspended employee who is subsequently reinstated in employment, as a result of a settlement reached in the grievance procedure (including arbitration), shall retain his full seniority, including credit for time lost as a result of the dismissal or suspension, and shall receive the pay he would have received had he not been discharged or suspended or shall be granted such other compensation as may be deemed appropriate in the circumstances.

B) An Employee who is required to attend a disciplinary meeting regarding a written warning or more severe discipline with the Employer shall be advised that he/she has a right to be accompanied by a Union representative.

C) The Employer shall notify an employee, in writing, of any discipline greater than a verbal within fourteen (14) calendar days of the event (excluding sick day, vacations, holidays, or all other absences of the employee involved). Request for extensions will not be unreasonably denied.

Boxing Day

And one additional day per year if declared by the provincial government.

13.02

The Regatta Day holiday shall be granted on the day on which the Regatta is held. All work performed on any of the recognized holidays shall be paid for at the rate of double time in addition to holiday pay.

13.03

If any of the recognized plant holidays fall on a Friday, Saturday or Sunday, they will be observed on the following Monday.

13.04

Employees whose regular work week is other than Monday to Friday, will be entitled to holiday pay if a paid holiday falls on one of their regular scheduled days off, providing they are otherwise qualified.

14.01

As of May 1 in each year, and based on seniority attained up to that date, employees will be entitled to paid vacations as follows:

I. Employees with three (3) or more years of seniority shall receive a vacation bonus payable in cash and equal to 20% of such employee's normal vacation payment. New employees hired after April 1, 2013 will not be covered under this Article.

In view of the seasonal nature of the business, the Company employees who are eligible for vacations with pay shall, at their request, be granted one week of vacation between May 15 and September 15, except those employees entitled to three, four, five, six or seven weeks as provided above, who shall, at their request, be granted not more than two weeks of vacation during the period of May 15 to September 15.

Employees not on the seniority list will be paid in accordance with Provincial Legislation.

All vacation bonus cheques will be paid by May 1st.

Summer Vacation Scheduling

Vacation schedules shall be posted on March 1st of each year. Employees shall be required to indicate their preference of vacation prior to April 15th.

Any employee who fails to indicate his preference prior to April 15th shall forfeit his right to displace employees with less seniority who have indicated their preference prior to April 15. Subsequent to April 15, the available vacation slots will be filled on the basis of seniority.

14.02

Vacation pay shall be calculated as follows:

A. For each week of vacation, employees shall be paid their regular job rates of pay times their standard weekly hours.

B. Employees who retire, quit or are discharged, shall be entitled, upon termination, to be paid as outlined in paragraph (1) above for vacations earned to May 1st before termination but not taken, and to pro rata payment of 2% of earnings following such May 1st for each week of paid vacation for which they are qualified at May 1st.

14.03

Where an employee becomes injured or sick and qualifies for Weekly Indemnity payments while on vacation, the period of vacation remaining will be rescheduled to another time, without pay provided the employee has received an advanced vacation payment.

14.04

To complete the eight (8), fifteen (15), twenty (20) and twenty-five (25) years of seniority mentioned above, for the purpose of the qualifying day for the fourth, fifth, sixth and seventh weeks of vacation, such service shall be considered to commence on May 1st in the year in which the employee was first employed.

14.05

An employee continuously absent from work for a period in excess of 104 weeks shall not be entitled to any vacation entitlement thereafter until further entitlement is earned by resumption of active service.

14.06

Near the conclusion of the vacation year, an employee with unused vacation entitlement who is then in receipt of Weekly Indemnity or Long Term Disability benefits and who has not been continuously absent from work in excess of 104 weeks shall:

- I. Cease to receive such benefits and be placed on vacation leave until his unused vacation entitlement is exhausted; and
- II. Resume receipt of disability benefits, if still qualified, once his vacation credits are exhausted.

An employee whose disability benefits are interrupted as described above shall have his eligible benefit period extended by the number of weeks for which he has been placed on vacation leave by the Company pursuant to this clause.

14.07

Employees with five or more weeks annual vacation may bank a portion of their vacation entitlement in excess of four weeks, to the period immediately preceding retirement.

This option, once exercised by an employee, is irrevocable and subject to an overall maximum bank of forty weeks. In the event of voluntary quit, termination or death preceding retirement, the accumulated balance will be paid to the employee or, in the event of death, his designated beneficiary.

14.08

Subject to production requirements to meet required inventory levels and marketplace demand, for all work days between Boxing Day and New Year's Day, production operations will shut down and all employees will utilize vacation entitlement or bank time. Employees will be able to bank overtime to use during this week. Any employee on Workers Compensation, Weekly Indemnity, LTD, or EI is exempt from this clause. Stationary Engineers are exempt from this clause.

ARTICLE 15 EMPLOYEE BENEFITS

15.01

A. Each employee on the seniority list of the Company shall be entitled to six (6) days sick leave with pay for each calendar year provided he furnishes a doctor's certificate covering treatment for absences of two or more days, or as requested by the Company. Such sick leave shall not be cumulative from year to year. The Company reserves the right to appoint an examining doctor to investigate any claims for sick leave. The doctor's certificate must substantiate the full period for which the employee claims payment of sick leave and sickness and accident insurance payments. It is clearly understood that the benefits hereby created shall apply only to working days lost due to illness or accident and for which no compensation is otherwise provided by the Company's Weekly Indemnity Plan or by Workers' Compensation.

B. On December 15, each year, any unused portion of an employee's sick bank credits shall be paid to him as a bonus. Such bonus shall be calculated as follows: number of hours of sick leave credits remaining [up to a maximum of forty-eight (48) hours] times the hourly wage rate.

15.02

The Company agrees to provide a benefit plan, a summary of which shall be included in the Collective Agreement and shall be attached hereto as Schedule D.

15.03

A) In the event of a death in the immediate family of an employee, i.e., mother, father, brother, sister, wife, husband, child, mother-in-law, father-in-law, brother-in-law, sister-in-law, grandchild, or grandparent of an employee or employee's spouse, he may request bereavement leave and shall be granted time off with pay not to exceed (3) consecutive days to enable him to look after funeral arrangements or to attend the funeral. The extent of such leave shall be at the discretion of the Company and shall not be made for time that would normally not have been worked by the employee and under no circumstances will pay be granted for overtime missed as a result of the absence.

B) In the event of a death of an employee's uncle, aunt, nephew or niece, the Company will allow one (1) day off to attend the funeral.

15.04

Any employee who is absent from his regularly scheduled work due to jury duty shall receive the difference between the amount he receives as jury pay, including all other compensation from Government authority, and eight (8) hours pay at his straight time classification rate for each day of jury service while sitting on a jury or as a member of the jury panel during selection (for those days he would actually have been at work during his service as a juror) provided that satisfactory proof is submitted to the Company that he was called for jury duty and sat as a member of the jury for the period claimed and provided that he returned to work within a reasonable time after the termination of jury service. The foregoing will also apply to any employee who is absent from his regularly scheduled work due to being called as a crown subpoenaed witness.

15.05

An employee shall not receive wages or other allowances such as holiday pay, vacation pay, weekly indemnity, long term disability, Workers' Compensation, or other similar benefits from more than one source for the same day or part day.

15.07

An employee who avails of maternity, adoption and/or parental leave will be entitled upon return from leave, to resume his/her former position and salary if the position still exists, or a comparable position if it does not and will have no loss of accrued benefits.

ARTICLE 16 HEALTH AND SAFETY

16.01

The Company shall institute and maintain all reasonable precautions for safeguarding the health and safety of its employees. Both the Company and the Union recognize their mutual obligations to assist in the prevention, correction and elimination of unhealthy and unsafe working conditions and practices. All employees are expected to adhere to safe working practice. The Company and the Union agree to an Occupational Health and Safety committee meeting every two (2) months.

16.02

The Company agrees that any employee on the seniority list who may be forced from work because of legitimate illness, certified by the Company's doctor, or the employee's personal physician, or temporary disability resulting from an accident, shall upon complete recovery be reinstated in his former job or some suitable job in the plant if held by an employee with less seniority and he is capable of performing the job in a satisfactory manner with a reasonable period of training.

16.03

The Company agrees that employees have the right to refuse unsafe work in accordance with the provisions of the Occupational Health and Safety Act.

ARTICLE 17 ADEQUATE MANPOWER

17.01

The Company will endeavor to supply adequate manpower on all operations in all departments so that an employee will not be required to perform more than a fair day's work.

17.02

17.01 shall not be construed to mean that the manning of all operations is at present exactly adequate or that all employees are presently assigned exactly a fair day's work and accordingly, changes in the manning of crews and changes in an employee's work load may be made so long as the resulting situation is not a violation of 17.01.

17.03

The Company will endeavor to provide full employment for all employees on the seniority list. Extra shifts will not be used for the purpose of reducing the regular work week of employees on the seniority list.

Notwithstanding the above, the employer reserves the right to schedule canning on the half shift.

17.04

1: In the event that, during the Collective Agreement, the Company plans to introduce a major technological change which it anticipates will directly result in the indefinite layoff of 8% of the regular active workforce, or a total of 10 employees, whichever is less, the following shall apply:

A) The Company will give the Union notice of such technological change at least sixty (60) days before the date on which the technological change is to be effected. After giving notice the Company shall identify, by job classification, the number of jobs to be displaced. The jobs to be displaced shall be grouped by the Company for the purposes of paragraph (C) herein.

B) The Company will meet and discuss with the Union the redeployment of the affected regular employees in accordance with the provisions of the Collective Agreement and the provisions as set out in the Guaranteed Wage Plan (GWP) and in so doing, shall designate the employees to be indefinitely laid off.

C) During the first thirty (30) days of the notice period and prior to affecting any layoffs or separations under the Collective Agreement, the Company shall canvass employees eligible for special early retirement ("eligible employees") as to their willingness to elect special early retirement. Such eligible employees shall be approached within each group determined in paragraph (A) in order of seniority and, if they choose to take special early retirement within the above thirty (30) day period and actually retire within thirty (30) days thereafter, will receive a Technological Change Bonus (TCB). The TCB will be determined by dividing the total amount of the separation pay entitlement of all the employees designated for indefinite layoff in paragraph (B) above by the total number of employees so designated. The number of special early retirees in any group who may receive the TCB will not exceed the number of jobs in that group which are to be permanently displaced by the technological change and if a greater number of eligible employees in any group so elect to take special early retirement, the TCB will only be paid to the most senior of them.

2. If

A) the number of eligible employees in any group who elect to take special early retirement is less than the number of jobs in that group to be permanently displaced by the technological change, or

B) the Company did not anticipate the number of layoffs but the introduction of the major technological change actually directly results in the indefinite permanent layoff of 8% of the regular active workforce, or a total of ten (10) or more regular employees, the following provisions shall apply:

I. The employees ultimately designated for indefinite layoff hereunder will be permitted to elect separation and to terminate from the Company prior to their scheduled date of layoff. Those employees so electing and terminating from the Company shall be entitled to receive the amount of separation payment calculated in accordance with Section 25.01 hereof. If any of those employees were classified as probationary or regular employees prior to March 31, 2005, their separation payment calculation shall include an additional one thousand dollars (\$1,000);

II. Those employees designated for indefinite layoff hereunder who do not elect to terminate from the Company pursuant to the provisions of the preceding paragraph, and who are eligible for participation in the Guaranteed Wage Plan, shall receive the benefits provided for under that plan. In addition, such employees shall receive an additional eight (8) weeks of benefit entitlement under that plan, subject to the following conditions:

a) An employee may use the additional eight (8) weeks of entitlement only once during his employment, and notwithstanding Section 8 of the plan, the eight (8) weeks can never be restored.

b) The additional eight (8) weeks of entitlement shall be the first weeks used.

17.05

Persons hired as regular employees after April 1, 1999 who have achieved seniority and who are not yet eligible for participation in the Guaranteed Wage Plan will, upon permanent layoff, be eligible to receive an amount of severance pay equal to one (1) week of regular pay for each completed year of service as of the original date of his layoff. Upon receipt of such severance pay, the employee's employment is terminated and his seniority and other rights under this Agreement are canceled.

ARTICLE 18 WEARING APPAREL

18.01

Regular employees, actively at work, will receive a clothing allotment of \$225 per year in the form of a purchase order with which to purchase wearing apparel. The amount will increase to \$250 on January 1, 2014. Coveralls will be provided to employees in departments where a need for this apparel exists. The Company shall provide thermal jackets to employees who work in the following areas: cellars, staging (warehouse, palletizer operators), maintenance and engineering and in other areas where the Company deems necessary, on a replacement basis only (when an employee turns in a worn out jacket to the Company, it will be replaced). Employees will be responsible for laundering work apparel and will be required at all times to present a neat and tidy appearance. If all or any part of the employee's work apparel is deemed not to be presentable through misuse, carelessness or loss, it must be replaced at the expense of the employee.

18.02

The Company agrees to purchase union made work apparel provided that such are reasonably available and at a competitive price.

18.03

Protective clothing, including one pair of safety shoes, on a replaceable basis (when an employee turns in a worn out pair of shoes to the Company, they will be replaced), shall be supplied to employees without cost whenever deemed necessary by the Company. The maximum dollar value of protective footwear will be \$200.00. On January 1, 2022, the maximum dollar value of protective footwear will be \$215.00.

Temporary and probationary employees who do not have safety shoes and are not issued rubber boots as their regular footwear, will be provided with safety shoes and one half the cost of such shoes will be deducted from their pay. If the employee then achieves regular employee status, the cost of the shoes will be refunded to the extent outlined in 18.03 above. Temporary employees will be provided with a jacket where required.

ARTICLE 19 UNION ACTIVITIES / LEAVE(S) OF ABSENCE

19.01

No employee shall be discriminated against or discharged for his activity as a Union member or for doing committee or other work for the Union or attending Union conventions, labour schools, etc. When an employee requires time off for Union activities, the Union shall request permission from the employer in writing. It is agreed that such permission, if requested, will not be unreasonably withheld in any instance.

19.02

The Company agrees to grant leave of absence for a period of not more than twelve (12) months or for the balance of the duration of this Agreement, whichever is the longer, for any employee who has been elected or appointed as an official of the Parent Union or the Local Union if such duties require him to have leave of absence from his Company duties on a full time basis. During such leave of absence, the employee's seniority shall continue to accumulate as if he were employed at his regular post with the Company. Upon completion of such leave of absence, the employee must be physically fit and able to assume the duties he performed prior to his leave of absence. During such leave of absence, the Company, when requested in writing by the Union to do so, will continue to pay such employees their regular wages, less deductions and shall forthwith invoice the Union for such gross wages and full reimbursement for all deductions paid on behalf of that employee, including all costs associated with the maintenance of that employee's benefits. The Union shall promptly reimburse the Company upon receipt of that invoice.

19.03

Leave under this article will be charged to the union only with respect to costs related to the absent employee and not his replacement.

19.04

The company will grant unpaid leave(s) of absence for political activities.

ARTICLE 20 UNION MADE PRODUCTS AND UNION LABEL

20.01

Where, in the opinion of the Company price and quality are equal, then preference shall be given toward the purchase of union made products.

20.02

The Company shall be entitled to the use of the union label as long as it observes all the provisions of this Agreement.

ARTICLE 21 BULLETIN BOARD AND MEETINGS

21.01

The Company agrees to provide bulletin boards for the use of the Union and will allow the Union to post notices of meetings or other official Union notices, duly signed by an officer of the Union, provided that such notices shall be posted promptly.

21.02

The Company agrees that a copy of this Agreement may be attached to the bulletin board where it may be examined by the members of the Union, on their own time.

21.03

The Company agrees that only essential work will be scheduled during the regular monthly meeting of the Union, provided that such meetings are not held from Monday to Friday.

ARTICLE 22 GUARANTEED WAGE PLAN

22.01

The Guaranteed Wage Plan which is outlined in Schedule 'C' attached to and forming part of this Agreement, is intended to provide assistance for certain eligible employees who are laid off as a result of the application of the layoff provisions of this Agreement and is not to be construed as authorization to alter existing layoff practices.

ARTICLE 23 NO STRIKES OR LOCKOUTS

23.01

For the duration of this Agreement, the Union undertakes that there shall be no strikes, slow downs or other interruptions of operations and the Company undertakes that there will be no lockouts, it being understood that all differences between the parties shall be settled in accordance with the provisions of this Agreement.

23.02

If an employee in the bargaining unit encounters a bona fide picket line in the course of his normal duties, there shall be an immediate conference between the parties hereto before any decision is made by either party as to whether the picket line should or should not be respected.

ARTICLE 24 TUITION COSTS

24.01

Employees will be eligible for refund of tuition costs (including prescribed text books) of education courses, provided that:

I. the course is given by a recognized school and is approved by the human resources manager as a contribution to the development of the employee;

II. the course is likely to contribute to the employee's performance or advancement within the Company and in its nature be industry-related;

III. the employee offers proof of successful completion of the course.

ARTICLE 25 SEPARATION PAY

25.01

A regular employee shall be entitled to separation pay as set out in Article 25.03, provided he has not been excluded by Article 25.02 and provided he meets any of the following eligible provisions:

- a) if he is terminated for a reason other than set out in Article 25.02;
- b) if he is laid off and on any date during his layoff the hours scheduled for him during the previous twelve (12) consecutive months were less than fifty percent (50%) of normal full time hours provided he is not eligible for any Company or government pension or for benefits under the Company's insured Weekly Indemnity or Long Term Disability Plans;
- c) in special cases where a laid off employee appears to have little prospect of recall to regular work within a period of six months, he may request immediate termination and separation pay, and with the concurrence of the Company and the Union, this may be granted notwithstanding the eligibility clause in (b) above;
- d) if he is ultimately designated for indefinite lay off as a result of a major technological change as provided in Article 25.02.

An employee eligible for a separation payment hereunder must apply for it not later than six months after he first becomes eligible thereof, otherwise his right to such payment shall be canceled.

Notwithstanding the above, if the Company permanently discontinues an operation, an employee laid off as a result thereof must apply for and shall receive any separation pay to which he is entitled, without waiting the six month period.

25.02

Notwithstanding Article 25.01, an employee shall be excluded from separation pay eligibility if:

- a) he quits;
- b) he is terminated for just cause;
- c) he is terminated under Article 5.03 of this Collective Agreement;
- d) he has been terminated because of specific direction or decree from any government authority which has the effect of curtailing any of the Company's operations unless:
 - (I) the direction or decree is the result of an illegal act committed by the Company or one of its representatives, or
 - (II) the direction or decree purports to change the method of beer retailing within the Province;
- e) he has been laid off because of any act of war or the hostile act of any foreign power or by any act of sabotage or insurrection of by any act of God;
- f) he is laid off and has arranged with the Company to take leave of absence without pay for a specific period in lieu of his layoff;
- g) he is in receipt of income replacement benefits under the Weekly Indemnity or Long Term Disability Plans or the Workplace Health Safety and Compensation Act;
- h) he is entitled to receive any pension under the Company or government pension plans.

25.03

The amount of the separation payment of an eligible employee shall be equal to:

A) one week's base earnings (computed on the basis of his hourly rate in effect as of time of layoff), multiplied by the number of his completed years of seniority (as used for vacation entitlement) as of the last day he actively worked in the Bargaining Unit, plus

B) for employees classified as probationary or regular employees prior to March 31, 2005, an additional three hundred and seventy-five dollars (\$375.00) multiplied by his completed years of seniority used in (a) above, to a maximum of 15 years. However, such eligible employee who applied for separation pay at the time he first becomes eligible therefore, shall have his separation pay under this part (b) calculated as one week's base earnings multiplied by his completed years of seniority used in (a) above, to a maximum of fifteen (15) years. If there is a permanent closure of a brewery, the fifteen (15) year maximum is replaced with a thirty (30) year maximum.

25.04

The company shall be authorized to deduct from any separation pay payable to an employee hereunder the amount of any Guaranteed Wage Plan payment made to such employee which the employee was not entitled to receive.

25.05

If an employee applies for and accepts a separation payment hereunder, his employment is terminated and his seniority and other rights under the Collective Bargaining Agreement are canceled.

ARTICLE 26 SOFT MAINTENANCE

Soft Maintenance

The Company may implement soft maintenance in all or part of its operations.

The Company will provide training and validation for soft maintenance as required. As examples, soft maintenance may include: set-ups, change-overs, some minor component replacement, lubrication, preventive maintenance inspections, adjustments and assisting maintenance personnel with corrective action and overhaul of equipment. It is understood that trades personnel will assist in the development, instruction, and continuing support of soft maintenance skills; however the validation of operators will be the sole responsibility of management personnel. Soft maintenance will be part of each operator's regular duties.

In the event an employee is unsuccessful during the initial training, the Company, Union and individual employee will meet to develop a specific training plan. If the developed training plan is unsuccessful in assisting the employee in achieving the skills necessary to do soft maintenance, the Company and Union will agree on the next steps in consultation with the employee to either provide more training, reassign the employee to another job or to some other accommodation within the same job.

It is understood that the Company may schedule operators who have been validated on soft maintenance training to assist with maintenance during scheduled downtime work on his/her equipment, provided that no more senior employee who is capable of performing the work is on layoff.

ARTICLE 27 DURATION OF AGREEMENT

27.01

A. This Agreement shall come into effect on April 1, 2020 and remain in full force and effect until March 31, 2027. Either party to this Agreement desiring to negotiate a new Agreement shall give notice to the other party, in writing, not more than sixty (60) days and not less than thirty (30) days prior to the expiration date. If notice is not given as above, the Agreements shall automatically be renewed without change thereafter from year to year until such time as sixty (60) days' notice is given prior to the annual expiration date. Within fifteen (15) days of receipt of such notice, by either party of intention to change the existing Agreement, a joint conference will be held for the purpose of negotiating a new Agreement.

B. Should either party give notice of its desire to negotiate a new Agreement in accordance with Clause 27.01, the Company and the Union agree that if a renewal or revision of the Agreement or a new Collective Agreement has

Variable Compensation (Performance Bonus)

Principles for the Variable Compensation Program:

This plan applies to regular employee and future regular employee, active employees only.

The performance bonus will be calculated based on the base hourly rate multiplied by the active hours worked to a maximum 2080 hours in a calendar year. For greater clarity, active hours worked does not include hours lost due to layoff, WI, WCB, LTD, sickness, or leave of absence.

Payout will be made in the form of a one-time annual lump sum coincident with payment of the salaried employee performance bonus which is presently paid in April of the following year and will be subject to normal statutory deductions.

This variable component will not be included in the base hourly rate for any calculation.

The annual amount of the percentage bonus opportunity will be as follows:

(i) Regular employees with a seniority date before April 1, 2013:

Year starting January 1, 2014 and after	-	Up to 4 %
Year starting January 1, 2015 and after	-	Up to 5 %
Year starting January 1, 2016 and after	-	Up to 6 %
Year starting January 1, 2017 and after	-	Up to 7 %
Year starting January 1, 2018 and after	-	Up to 7 %
Year starting January 1, 2019 and after	-	Up to 8 %
Year starting January 1, 2020 and after	-	Up to 8 %

(ii) Regular employees with a seniority date after April 1, 2013:

Year starting January 1, 2014 and after	-	Up to 5 %
Year starting January 1, 2015 and after	-	Up to 6 %
Year starting January 1, 2016 and after	-	Up to 7 %

Year starting January 1, 2017 and after	-	Up to 7 %
Year starting January 1, 2018 and after	-	Up to 8%
Year starting January 1, 2019 and after	-	Up to 9 %
Year starting January 1, 2020 and after	-	Up to 10 %

For greater clarity, the following will apply for partial years of work:

- (a) Termination: not eligible for any payment
- (b) Resignation: not eligible for payment
- (c) Retirement: pro rated based on number of hours worked (including vacation) within the calendar year

How the calculation works:

Management will determine a list of targets in each calendar year.

Each target will be weighted with the sum of all targets equal to 100%.

Results will be based on full calendar year performance and each target will be either achieved in full or considered not achieved (no partial completion).

The sum of the achieved targets will determine the overall percentage achievement for the eligible employee.

The bonus will be calculated as follows:

1. Number of active hours worked (as defined above) multiplied by
2. Base hourly rate multiplied by
3. Percentage bonus opportunity multiplied by
4. Percentage achievement of annual targets

The parties agree that notwithstanding any other provision in the collective agreement, no grievances will be filed, processed or arbitrated concerning any aspect of the Variable Compensation (Performance Bonus) Program since any disagreements concerning the Program do not constitute a difference between the parties for purposes of the collective agreement and the Labour Relations Act.

Labatt Brewing Company Limited and Newfoundland Association of Public Employees, Local 7004

WHEREAS the Company has entered into a Collective Agreement with the above-named Union covering the bargaining unit of plant workers in St. John's, Newfoundland.

AND WHEREAS the said Parties have agreed to make this supplementary Agreement which is to be supplemented to the said Collective Agreement and any grievances arising out of the administration of this supplement may be dealt with under the Grievance Procedure of the Collective Agreement.

NOW THEREFORE the Parties agree to the continuation of the Guaranteed Wage Plan as hereinafter set forth with such continuation to become effective on the February 8, 2014 or on any later date on which approval for continuation has been received from the Federal Government holding that:

- A) The Plan meets the requirement of Human Resources Development Canada with respect to Supplemental Employment Benefit Plans;
- B) Payments by the Company pursuant to this Plan will be classed as deductible expenses for corporate income tax purposes; and
- C) The receipt by employees of the benefits provided by this Plan will not disqualify such employees from receiving any part of the Employment Insurance Benefits to which they would otherwise be entitled.

Purpose

The purpose of this Plan is to provide a method of guaranteeing income to certain employees who are laid off.

Eligibility for Participation in the Plan

Any regular hourly rated employee having at least one year of seniority determined as of April 1st immediately preceding his layoff shall be eligible to participate in this Plan.

C) Employees who have been terminated because of specific direction or decree from any Governmental authority which has the effect of curtailing any of the Company's operations unless:

The direction or decree is the result of an illegal act committed by the Company or one of its representatives.

The direction or decree purports to change the method of beer distribution or beer retailing within the Province.

D) Employees who have been laid off because of any act of war or the hostile act of any foreign power or by any act of sabotage or insurrection or by any act of God.

For the purpose of this Plan:

"Wages" shall mean actual earnings for work performed and vacation pay, payment for any leave of absence with pay granted, e.g., jury duty, bereavement pay, payment for statutory holidays and call-in pay.

"Week" shall mean the Company's payroll week.

"Compensated and Available Hours" means as applied to any particular week for any employee:

all hours worked by the employee for the Company or for any other employer in such week, plus
all hours not worked by the employee in such week but for which he receives wages from any employer, plus
all hours scheduled in such week for an employee who is not on layoff and which he has not worked for any reason other than lack of work, plus

“Week of layoff” means a week in which the employee’s compensated and available hours are less than forty (40).

Benefits Provided for Laid Off Employees

Subject to the terms and conditions of the Plan as herein set out, each eligible employee who is laid off from the Bargaining Unit shall receive, in addition to any wages earned in the week, a benefit from the Plan for each week of layoff calculated by determining the product of items (1), (2) and (3) below and deducting from such product the sum of item (4) below:

Seventy (70) percent for eligible employees as herein above defined.

The straight time hourly rate of the employees in effect as of time of layoff.

The excess of forty (40) over the compensated and available hours of the employee.

The actual benefit, if any, for which such employee is eligible under the Employment Insurance Act for such week.

Benefits During Layoff

An employee who is laid off continues to participate in the Benefit Plan of the Company applicable to employees in his Bargaining Unit to the end of the month following the last month in which he has worked in the Bargaining Unit, or until the end of the last month during which he has drawn a benefit under this Plan, whichever is the later. Benefit Plan for the purpose of this section does not include the Pension Plan or the Company’s insured Weekly Indemnity and Long Term Disability Plans which cover only indemnity for wages actually lost because of illness or accident.

Any employee on layoff who, pursuant to the above, has ceased to participate in the Benefit Plan, is restored to participation immediately upon completion of eight (8) hours work in the Bargaining Unit.

Duration of Benefit

The maximum benefit entitlement of an employee at any time shall not exceed that benefit established in accordance with Table “A”. However, the employee’s actual benefit entitlement will be less than the maximum benefit entitlement if he has used any benefits and has not subsequently restored them. Weeks of benefits are restored based upon the formula of 1/10th of a week for each eight (8) full hours during which the employee earned wages from the Company up to the employee’s maximum benefit entitlement set out in Table “A” below. No credits towards future benefit entitlements are allowed for wages earned during any period in which the employee is already entitled to the maximum benefits set out in Table “A”.

You will be given an application form to complete and sign when you become eligible for this insurance. The full cost of this group insurance plan is paid by your Company.

LIFE INSURANCE

The amount of your life insurance is shown in the Schedule of Insured Benefits. In the event of your death from any cause, your life insurance will be paid to the beneficiary you have named. You may change your beneficiary at any time within the limits set by law by completing a form which may be obtained from your human resources department.

The full amount of your life insurance will be continued during any period for which you are eligible to receive Long Term Disability benefits. If you become totally and permanently disabled, your Long Term Disability benefits will continue until your normal retirement date at which time your life insurance will be reduced to the same amount as is provided for employees who retire at the normal date as explained in (A) below.

When you retire in accordance with the provisions of the Company's pension plan, your life insurance will be as follows:

Normal Retirement -- the amount of your life insurance will be reduced to \$8,000 as of your date of normal retirement.

Special Early Retirement (before age 65) -- if you have attained age 60 and have 25 or more years of credited service, under the terms of the Labatt Retirement Plan, the amount of your life insurance will be reduced to \$8,000 as of your date of Special Early Retirement. Otherwise, your life insurance will cease as of your date of early retirement or termination of service with the Company.

Otherwise, your life insurance will cease as of your date of early retirement or termination of service with the Company.

You may obtain an individual life insurance policy up to the amount of life insurance which is cancelled when you terminate service or retire. Insurance is available under this conversion privilege even though you are unable to pass a medical examination but the premium rate will be based on your attained age at the date of conversion. Application for individual insurance must be made to the insurance company within 31 days of the date your group insurance is cancelled and during this 31 day period, your group life insurance is considered as in effect without charge. Your other insurance coverages cannot be converted to individual policies.

ACCIDENTAL DEATH AND DISMEMBERMENT INSURANCE

The amount of your accidental death and dismemberment (AD&D) insurance is shown in the Schedule of Insured Benefits. If, within 365 days of and as a result of an accident occurring away from work, you suffer any of the losses listed below, payment will be made as indicated.

% Payable	For Loss of
200%	quadriplegia, paraplegia, hemiplegia.

100%	life, both hands, both feet, sight of both eyes, one hand and one foot, one hand or one foot and sight of one eye, use of both hands or both feet, speech and hearing in both ears.
75%	one arm or one leg, use of one arm or one leg.
66-2/3%	one hand, one foot, sight of one eye, speech, hearing in both ears.
33-1/3%	thumb and index finger, four fingers on one hand.

16-2/3%	thumb and one finger on one hand, two fingers on one hand.

Your AD&D insurance includes coverage for injury sustained while riding as a passenger in or on, boarding or alighting from, or being struck by a licensed aircraft. Benefits are not payable for any loss caused by suicide or self-destruction, war or service in the armed forces of any country, or injury arising out of or in the course of any occupation or employment for wage or profit.

In the event of your death, the AD&D insurance benefit will be payable to the beneficiary you have named. This benefit is payable in addition to your life insurance. All other benefits under the AD&D insurance are payable to the insured person.

Your AD&D insurance will be cancelled as of the date you retire or terminate service with the Company.

WEEKLY INDEMNITY BENEFIT

If you become totally disabled and are prevented from working due to a non-occupational accident, or a sickness not covered by Workplace Health, Safety & Compensation Commission, you will receive Weekly Indemnity benefits, provided you are under the care of a licensed physician.

The amount of your Weekly Indemnity benefit is 70% of your basic weekly earnings rate as of the date disability commences. When a general change in wage rates takes effect under the terms of the labour agreement, the amount of your Weekly Indemnity benefit from the effective date of such change will be 70% of the basic weekly earnings rate to which you would be entitled if you were at work.

Your Weekly Indemnity benefit payments will be reduced by the amount of any disability payments you are eligible to receive from the Canada Pension Plan or any other Government source.

The benefit payment is based on a seven-day week. For each day of absence for which a benefit is payable, you will receive one-seventh of the weekly benefit. Benefits are payable from the first day of absence if disability is due to an accident, or from the fifth day of disability due to illness. Payments continue as long as you are disabled up to a maximum of 26 weeks for each period of disability. (Refer to Long Term Disability for benefits payable if disability continues for more than 26 weeks.)

Where it is necessary for an employee to have dental surgery, benefits will be payable commencing on the fourth day following such surgery and will continue up to a maximum of two weeks for any such claim, but only on receipt of proper certification by a dental oral surgeon.

A disability resulting from the same cause as a previous disability will be treated as a continuation of that disability unless you have completely recovered and have been back at work for at least 14 days.

Your Weekly Indemnity insurance will be cancelled as of the date you retire or terminate service with the Company and your Weekly Indemnity benefits will cease as of that date.

LONG TERM DISABILITY BENEFIT

Long term disability (LTD) benefits become payable only after you have received weekly indemnity benefits for the maximum period, or when you have received Workers' Compensation for a continuous period of 26 weeks.

During the first 78 weeks of LTD benefits, your benefits will be payable weekly at 66-2/3% of your basic weekly earnings rate in effect during that period. At the end of the first 78 weeks, your LTD benefit will be fixed at 66-2/3% of your basic weekly earnings rate in effect in the 78th week of the LTD benefit period and thereafter, your LTD benefit will be payable in an equivalent monthly amount at the end of each month. For example, if your earnings rate in the 78th week of LTD benefits is \$22.00 per hour:

your weekly earnings rate is $40 \times \$22.00 = \$ 880.00$
 your weekly LTD benefit in the 78th week is 66-2/3% of \$880.00 = 582.82
 thereafter your monthly LTD benefit is $4-1/3 \times \$582.82 = 2,407.04$

Your LTD benefit payments will be reduced by any statutory disability payments you are eligible to receive from Workplace Health, Safety & Compensation Commission, the Canada Pension Plan, or other government source.

In order to qualify for LTD benefits you must be under the continuing care of a licensed physician and, during the first 78 weeks of LTD benefits, be unable to perform a regular job available in the bargaining unit; thereafter you must be unable to engage in any gainful occupation for any employer for which you are reasonably qualified by training, education or experience. If you are again disabled due to the same or a related cause, your absence will be treated as a continuation of disability under the LTD benefit unless you have been back at work for at least six months.

Payment of benefits will require submission of such appropriate medical evidence as may be requested by the insurer from time to time. You will be entitled to benefits during the continuation of disability as defined above except that in no event will benefits be paid beyond your normal retirement date. If you should elect to retire early, LTD benefits will cease as of your date of early retirement.

No benefits will be payable for absence due to disabilities caused by self-inflicted injuries while sane, or insane, insurrection, war, service in the armed forces of any country or participation in a riot, or during disabilities resulting from working for another employer.

If you engage in rehabilitative employment, your LTD benefit will continue for up to 24 months but will be reduced by 75% of what you earn from rehabilitative employment. For example, if you are receiving a monthly LTD benefit of \$2,407.04 and you earn \$1,500 in rehabilitative employment

(a)	monthly LTD benefit	\$2,407.04
(b)	subtract 75% of \$1,500	<u>1,125.00</u>
(c)	new LTD benefit	\$1,282.04
(d)	earnings from rehabilitative employment	<u>1,500.00</u>
(e)	monthly income during rehabilitation	<u>\$2,782.04</u>

While you are in receipt of LTD benefits you will continue to be covered for all other group insurance benefits. Your LTD insurance will be cancelled as of the date you retire or terminate service with the Company.

Each active full-time employee will contribute 10¢ (ten cents) per hour to the LTD benefit premium commencing April 1, 2008.

Notwithstanding the above, effective January 1, 2023, Long Term Disability Insurance will cover 50% of the monthly earnings instead of 66-2/3%. The employee may maintain 66-2/3% coverage by paying a premium to obtain an additional 16-2/3% of the monthly earning. The premium payable on each payroll date by the employee will be estimated for January 1, 2023, based on the St. John's Local 7004 group experience. The maximum premium payable on each payroll will be calculated on a premium rate of \$8.48 per 100\$ monthly of coverage. If the Insurance Company increases the premium rate that it charges the company, the premium payable by the employee will also increase, but it will be limited to a maximum increase of 10% per year. If the insurance company decreases the

premium rate that it charges the company, the premium will be reduced accordingly. The contribution of the 10¢ (ten cents) per hour to the LTD benefit premium will cease on January 1, 2023.

SEMI-PRIVATE HOSPITAL BENEFIT

Your provincial hospital plan provides basic hospital benefits for you and your family but generally limits benefits for room charges to the amount payable for accommodation.

Insured benefits are provided under the Company's plan for you and your covered dependents to supplement the provincial plan benefit and provide payment for room charges up to semi-private accommodation in a licensed hospital. If hospitalized in a private room, the benefit will be limited to that which would have been paid for semi-private accommodation.

These benefits apply in all confinements approved by a licensed physician except those covered by Workplace Health, Safety & Compensation Commission. Maternity benefits are payable for a female employee or dependent wife only if her coverage has been in effect for at least nine months.

Your semi-private hospital insurance will be cancelled as of the date you retire or terminate service with the company. However, when your insurance is cancelled;

if you are totally disabled, benefits will be extended for up to one year for expenses incurred during the continuation of that disability;

if one of your dependents is in hospital, benefits will be extended for a maximum of one year while the dependent remains in hospital;

in the case of pregnancy which began while insurance was in force, coverage will be extended up to the date of childbirth or termination of pregnancy.

MAJOR MEDICAL EXPENSE BENEFIT

Basic medical benefits are provided for you and your family under your provincial medical plan. The major medical expense benefit under the Company's Group Insurance Plan provides benefits for you and your covered dependents for certain expenses not covered by the basic hospital and medical plans.

Expenses allowed under the major medical benefit are listed below. Benefits are payable only if the services are recommended by a physician and if provincial legislation does not prohibit insurance of any such expense.

drugs and medicines dispensed on the written prescription of a physician
private duty nursing by registered graduate nurses who are not ordinarily resident in your home and are not related to you or your dependents

diagnostic procedures and radiology

oxygen and its administration

blood transfusions

rental of wheelchair, hospital bed or respirator/ventilator

splints, trusses, braces, crutches, casts

artificial limbs and eyes provided the loss of the natural limb or eye occurred while insured under this plan

services of duly qualified and licensed physiotherapists other than members of the insured's family

payment of reasonable and customary chiropractic services up to an annual maximum of \$1,000

local ambulance services

air ambulance service in cases of emergency to and from the nearest hospital in which treatment can be provided, subject to one round trip per calendar year to a maximum of \$150 per period of disability

Casted, custom-made orthotics recommended by physician or podiatrist limited to \$475 per pair to a maximum of two (2) pair in each three (3) year period

You are required to pay the first \$10.00 of expenses incurred in each calendar year. This is known as the "deductible" and is applied for each insured person, employee or dependent, except that the total deductible for all members of your family will not be more than \$20 in each calendar year. If expenses which are included in the deductible occur within the last three months of the calendar year, the same expenses may be applied against the deductible for the next calendar year. If two or more insured members of your family are injured in the common accident, only one deductible will be applied against their resulting combined expenses incurred in any one calendar year.

The amount of benefit payable is determined as follows:

the charges are totaled for all allowable expenses incurred by the employee or dependent during the calendar year. from this total the deductible is subtracted.

the major medical expense benefit then pays 100% of the remainder. Then, the reimbursement will be 90% after January 1, 2016 and then after January 1, 2017 reimbursement will be 80%.

The maximum total amount payable for any individual is \$25,000. However, after a person has been insured for a full calendar year, up to \$5,000 of the original benefit will be reinstated automatically on January 2nd of each year but at no time will the maximum exceed the original \$25,000 maximum.

The major medical benefit covers charges only for those services listed above. It does not cover expenses for injury or illness covered under the Workplace Health, Safety & Compensation Commission, hospital charges, medical expenses for services covered by the provincial plan, dental services, eye examinations, expenses resulting from an act of war, or any service for which an employee or dependent does not have to pay.

If when you retire you are entitled to group life insurance as explained in Section 3, you and your eligible dependents will continue to be insured for major medical expenses but you will be required to pay the first \$25 of expenses incurred in each year of your retirement as a "deductible" with the total deductible for all members of your family not to exceed \$50 in each calendar year. You will then be reimbursed for 80% of any eligible expenses incurred after the date of your retirement in excess of the deductible. The maximum total amount payable for any individual is \$25,000. The maximum total amount payable for any individual is \$20,000 after January 1, 2015.

Employees who retire after January 1, 2015 and are between 55 and 65 years of age, are entitled to group life insurance as explained in Section 3, you and your eligible dependents will continue to be insured for major medical expenses but you will be required to pay the first \$25 of expenses incurred in each year of your retirement as a "deductible" with the total deductible for all members of your family not to exceed \$50 in each calendar year. You will then be reimbursed for 80% of any eligible expenses incurred after the date of your retirement in excess of the deductible. The maximum total amount payable for any individual is \$20,000.

After 65 years old, you will then be reimbursed for 65% of any eligible expenses incurred after excess of the deductible. This is up until you reach the maximum total amount for any individual of \$20,000. This calculation begins at the date of your retirement.

Employees hired after March 31, 2013 (and your eligible dependents) are no longer entitled to post retirement benefits.

If you terminate service and do not qualify for retired benefits, your major medical insurance will be cancelled as of the date of which your service is terminated, except that the following extended benefits are provided:

if you are totally disabled when your insurance is cancelled, major medical benefits will be extended for up to one year, provided such expenses are incurred during the continuance of that disability

if one of your dependents is in hospital when your insurance is cancelled, benefits will be extended for a maximum of one year, provided the dependent remains in hospital.

Notwithstanding the above, effective December 15, 2025, employees who retire on or after December 15, 2025, will cease to be eligible to post-retirement health and life insurance coverage when reaching 65 years of age.

DENTAL CARE BENEFIT

Dental care benefits are provided for you and your eligible dependents subject to the limitations and exclusions described below.

Eligible services are all reasonable and customary dental services which are recommended as necessary and performed by a qualified dentist or physician and for which a treatment plan has been submitted to and approved by the insurer before the services are rendered. The filing of a treatment plan is not required if the total cost of the proposed work is less than \$500 or if treatment is rendered in emergency conditions. Eligible dental services are classified under three major categories:

Basic Services -- examinations and cleaning of teeth (one in any nine month period), extraction, fillings and other necessary treatment for the relief of dental pain.

Restorative Services -- crowns and inlays, bridge work, dentures, root canal therapy (endodontics), and the treatment of tissues and bones supporting the teeth (periodontics).

Orthodontia -- proper fitting of natural teeth and prevention or correction of irregularities of the teeth.

You will be reimbursed for 100% of the cost of eligible Basic Services incurred by you or your eligible dependents up to a maximum benefit for each insured person of \$1000 calendar year. You will also be reimbursed for 75% of the cost of Restorative Services and 50% of the cost of Orthodontia to a lifetime maximum of \$6000 (\$4500 after January 1, 2016 and \$3000 after January 1, 2017) for each insured person for Restorative Services and Orthodontia combined. After January 1, 2016, you will be reimbursed at 90% for basic services, 75% for restorative services and 50% for orthodontia. After January 1, 2017, you will be reimbursed at 80% for basic services, 50% for restorative services and 50% for orthodontia.

Effective April 1, 2005 an annual reinstatement of up to \$600 will be provided at the beginning of each calendar year, if required, to restore the lifetime maximum to the level of \$6,000 (\$4500 after January 1, 2016 and \$3000 after January 1, 2017). At no time will the maximum exceed the original amount.

Benefits will be paid on the basis of the lesser of the actual fee charged or the amount stated in the current Dental Association Schedule of Fees in the province in which you reside. If optional procedures are possible, benefits will be payable in accordance with the procedure involving the smallest fee.

Expenses incurred for the replacement of dentures are eligible for benefits, except that if the replacement is for a denture for which benefits were payable under this plan, benefits for the replacement will be payable only if at least 3 years have elapsed since the placement or replacement for which benefits were paid. In addition, benefits are payable for rebasing, relining or repairing of dentures. Benefits will not be paid for the replacement of dentures which have been lost, misplaced or stolen.

Dental care benefits are not payable for any service eligible for payment from another source such as provincial health insurance plans, Workplace Health, Safety & Compensation Commission or other government plans, expenses incurred principally for cosmetic purposes, expenses resulting from an act of war, or any service for which an employee or dependent does not have to pay.

Your dental care insurance will be cancelled as of the date you retire or terminate service and claims will not be accepted for any service performed after the date on which your insurance was cancelled.

10. VISION CARE BENEFIT

Frames, lenses and the fitting of any type of prescription glasses (including contact lenses), up to a total payment of \$250 every twenty-four (24) months for each eligible insured person and \$250 every twelve (12) months for dependent children.

Contact lenses, up to a total payment of \$250 per person in any two consecutive calendar years, if they are prescribed for severe corneal astigmatism, severe corneal scarring, kerataconus of aphakia and if visual acuity can only be improved by contact lenses to at least the 20/40 level.

Eye exams every two years at the value of \$100.

For employee only, corrective eye surgery to a lifetime maximum of \$1,000. Spouse and dependents are not included in the eye surgery coverage.

11. HOW TO CLAIM

When you or any of your dependents are entitled to receive insured benefits you should obtain the necessary claim forms from your Medical Department. When you have completed the employee's portion of the claim form, you should have your physician or dentist complete his section and then return the form to your Medical Department for them to forward for settlement by the insurer. It is important that claims be filed promptly and that all necessary information be supplied to support your claim.

In order to qualify for payment of benefits, claims must be submitted within the time limit set out below:

Weekly Indemnity Benefit -- Claim must be filed within 90 days of the commencement of disability. In case of illness, benefits will be paid as previously described only if you see a licensed physician no later than the fifth day of disability and remain under the doctor's care until you are able to return to work. If you do not see a doctor by the fifth day, your benefits will be payable only from the day on which you first visit a doctor. In case of accident, you must see the doctor no later than the day following the accident in order to qualify for benefits from the first day; otherwise, benefits will be payable as if the disability is due to illness. Diagnosis and prescription by telephone only does not constitute a "visit" for this purpose.

Long Term Disability Benefit -- Claim must be filed within 6 months following the date from which LTD benefits become payable but, the earlier the better, in order to avoid any delay in commencement of your LTD benefit payments.

Semi-Private Hospital Benefit -- Claim must be filed within 90 days from the date of hospitalization. Standard claim forms are available at all hospitals. Benefits will be paid to you unless you complete the appropriate section of this form to assign benefits to the hospital.

Major Medical Expense Benefit -- Claims must be filed no later than the end of the calendar year following the year in which the expense was incurred except that, when your insurance is cancelled for any reason, proof of claim must be submitted within 90 days of the date of termination of your insurance. Itemized bills and statements showing the patient's name, date of service, prescription numbers for drug expenses and the amount of the charges must accompany the claim form, verifying all such expenses, including those which you have paid to satisfy the deductible. It is suggested that such claims not be submitted until the total bills exceed the deductible by at least \$10.

Dental Care Benefit -- Claims must be submitted by the end of the calendar year following the year in which the expense was incurred except that proof of claim must be submitted within 90 days of the date on which your insurance is cancelled for any reason. A separate claim form must be filled out for each member of your family for whom you are making claim. The dentist's statement on this form or any bill supporting your claim, must show the patient's name, dates and nature of the treatment, and the charge. If the total cost associated with the proposed

dental work is \$500 or more, a treatment plan must be submitted to the insurer as explained in Section 9. You should have your dentist complete a claim form setting out details as to the proposed treatment and cost and give this to your Medical Department to forward for review by the insurance company. You will then be advised as to the charges, or portion thereof, which the insurer considers eligible for benefits. Upon completion of the dental treatment, you again submit a claim to receive payment of the approved benefits.

Failure to see your doctor promptly or to submit your claim together with the doctor's or dentist's report or other itemized statements within the above time limits will result in the rejection of your claim.

The major medical benefits for which you are covered after retirement will be continued to your spouse on your death.

Please see your Medical Department or Human Resources Department for any further information.

**SCHEDULE 'E': LABATT RETIREMENT PLAN
FOR WAGE EMPLOYEES IN NEWFOUNDLAND
APRIL 1, 2020**

NOTE: During the 2020 negotiations, the union and company agreed to simplify the wording in SCHEDULE E, LABATT RETIREMENT PLAN.

This section of the booklet is a summary of the main features of the Labatt Retirement Plan for Wage Employees as amended April 1, 2020 with respect to wage employees of Labatt Brewing Company Limited in Newfoundland. A complete description of the Plan, which is the governing document, is available for reference at your Human Resources office. If you have any questions, do not hesitate to seek the answers from your Supervisor or Human Resources staff.

Statutory benefits from Government plans such as the Canada Pension Plan (CPP) and the pension under the Old Age Security Act (OAS) are in addition to the benefits provided by the Labatt Retirement Plan (LRP).

Eligibility for Membership

A new employee becomes a member of the Plan on the first day of the month coincident with or immediately following the date on which he is placed on the seniority list as a regular employee and his seniority date will then be established as his date of employment for purposes of this Plan.

You will be advised when you are eligible and are enrolled as a member and you will be asked to submit proof of your age.

Contributions

You are not required to make contributions to the Plan in respect of your service after July 1, 1975. Any required contributions which you have made in respect of service before July 1, 1975 remain to your credit in the Plan and will be applied to provide benefits in respect of your service before July 1, 1975.

Notwithstanding the above, all employees will contribute the above percentage of the base wage of employees Kettlman, Brewing and bottling departments hired before April 1, 2013. Contributions shall be on the hours worked up to a maximum of 2080 hours per year as follows:

Effective January 1, 2016 the contribution will be 3%.

Effective January 1, 2017 the contribution will be 4%.

Effective January 1, 2018 the contribution will be 5%.

The Company contributes whatever amount is necessary, along with the required contributions made by employees in respect of service before July 1, 1975 to provide the benefits called for under the Plan. The Company also pays the full cost of administering the Plan and, in addition, matches your contributions to the Canada Pension Plan.

All contributions to the Plan are paid over to the Custodian and to be invested and held in trust for the purposes of the Plan.

Normal Retirement Date

Normal retirement is at age 65. Your pension commences as of the first day of the month coincident with or immediately following your 65th birthday.

Service and Credited Service

Your service to qualify for certain of the benefits under the Plan is the total number of years from your date of employment as established under the Plan to the date on which you retire, die or terminate service.

The number of years of your "credited" service determines the amount of pension you are entitled to receive. Credited service is calculated as explained below:

A. From July 1, 1975 you receive a credit of one year for 1800 or more hours of work in a calendar year while a member of the Plan or a pro-rated partial year of credit for less than 1800 hours. For example, if while a member of the Plan you work only 900 hours in a year, your credit for that year will be one-half year (900 divided by 1800). If you are absent due to disability, you will receive service credits for any periods during which you are totally disabled and receive weekly indemnity or long term disability insurance benefits or Workplace, Health, Safety & Compensation payments, but in no event will you receive more than one year of credited service for any one calendar year.

B. Your credited service to June 30, 1975 is the number of years for which you have made the required contributions to the Plan and includes any period for which you have repaid those contributions which were refunded from this or a previous plan in respect of your service before January 1, 1967.

Calculation of Basic Pension Credit

You receive credit for a monthly basic pension payable from your normal retirement date (age 65) calculated as follows:

- a) for service to March 31, 1994, the pension benefits accrued to each member remain unchanged;
- b) for service after April 1, 1998; a monthly pension equal to \$37.00 multiplied by the number of years of credited service;
- c) for service after April 1, 1997; a monthly pension equal to \$36.00 multiplied by the number of years of credited service;
- d) for service after April 1, 1996; a monthly pension equal to \$35.00 multiplied by the number of years of credited service;
- e) for service after April 1, 1995; a monthly pension equal to \$34.00 multiplied by the number of years of credited service;
- f) for service after April 1, 1994; a monthly pension equal to \$33.00 multiplied by the number of years of credited service;
- g) for service after January 1, 1993 - \$32.00 for one year of credited service in 1993 or a pro-rated amount for less than one year;
- h) for service in 1992 - \$31.00 for one year of credited service in 1992 or a pro-rated amount for less than one year;

- v) for service to June 30, 1975 – the sum of:

 - 2) any amount necessary to be added to upgrade your basic pension for service to June 30, 1975 to a minimum monthly amount equal to \$12.00 multiplied by the number of years of credited service to June 30, 1975 up to 30 years.

6. Amount of Normal Retirement Pension

When you retire at normal date (age 65), you will receive a monthly basic pension from the Labatt Retirement Plan in an amount equal to the sum of your basic pension credits determined as explained in Section 5. In addition, you will receive any statutory pension (such as CPP and OAS) which is payable to you under Government plans. You may also qualify for a supplement from the Labatt Retirement Plan under the minimum pension provision explained in Section 7.

7. Minimum Pension at Normal Retirement

A member retiring at age 65 with at least 25 years of credited service is entitled to a lifetime supplement being the amount required to be added to the member's accrued pension and the full unreduced Canada Pension Plan Retirement benefits determined at the date of his retirement to produce a minimum monthly pension as follows:

\$3,656 if you retire on or after April 1, 2012 but before March 1, 2014

\$3,675 if you retire on or after March 1, 2014

These amounts represent the minimum monthly pension payable from Company Plans and the Canada Pension Plan combined before allowing for the provision of a spousal survivor pension. The company pension will be adjusted to provide a survivor pension unless the spouse who will benefit from that survivor pension waives his/her right to receive it in writing.

You will receive a minimum lifetime pension supplement from the Labatt Retirement Plan equal to the amount, if any, required to be added to your accrued basic pension from all Company plans and the full unreduced CPP Pension Plan Retirement benefits determined at the date of your retirement to provide the above minimum monthly pension.

If you retire at age 65 with less than 25 years of credited service, the lifetime supplement shall be the amount by which the minimum pension at normal retirement exceeds the full unreduced Canada Pension Plan Retirement benefits, pro-rated by the ratio of the number of years of credited service to 25 years and reduced by your accrued pension.

To determine what, if any, amount of supplement is needed, your basic pension from Company plans is the basic amount payable before the amount of the survivorship pension is calculated, and your CPP pension is the amount you are entitled to receive when you first become eligible at Normal Retirement age, whether or not you actually

make application for such benefits, but disregarding any increase in your CPP pension after its date of commencement.

8. Special Early Retirement

A member retiring after having attained age 60 with at least 25 years of credited service, is entitled to an immediate accrued pension equal to the amount of accrued pension to his credit for service to date of early retirement, without reduction for the earlier date of retirement.

This pension will be supplemented by an amount necessary to provide a monthly pension, as follows, from Company Plans, payable until the member would have first become eligible to receive unreduced Canada Pension Plan Retirement benefits:

\$3,304 if you retire on or after April 1, 2012, but before March 1, 2014

\$3,323 if you retire on or after March 1, 2014

Thereafter, the supplement shall be recalculated as the amount required to be added to the member's accrued pension and the full unreduced Canada Pension Plan Retirement benefits determined at the date of his retirement to produce a monthly pension (as follows) which supplement shall become his lifetime supplement:

\$3,656 if you retire on or after April 1, 2012, but before March 1, 2014

\$3,675 if you retire on or after March 1, 2014

In addition to the recalculated lifetime supplement, a member who retires under this provision (Special Early Retirement) will be paid a further supplement, if necessary, to produce a total pension from Company Plans equal to the pension that would be payable if the member were then retiring at normal retirement, based on the normal retirement minimum pension and full unreduced Canada Pension Plan retirement benefit both determined as of that date, his accrued pension including any escalation thereof and his related credited service.

This further supplement shall then be added to and form part of the member's lifetime supplement.

9. 85 Point Retirement

If you retire on or after March 1, 2014 after having reached age 55 and your combined age and years of total credited service total 85 or more (but prior to having qualified for Special Early Retirement), you are entitled to an immediate pension equal to the amount of your vested accrued basic pension for service to the date of early retirement.

In addition, you shall be entitled to a lifetime supplement calculated as if you had reached age 65 on your date of retirement, but using your current unreduced vested accrued basic pension and your related credited service, the full unreduced Canada Pension Plan Retirement benefit and the normal retirement minimum pension, all determined as of your actual date of retirement.

Once you become eligible to receive unreduced Canada Pension Plan Retirement benefits (on attaining age 65) and, in addition to the lifetime supplement, a member who retires under this provision (85 Point Retirement) will be paid a further supplement, if necessary, to produce a total pension from Company Plans equal to the pension that would be payable if the member would then retiring at normal retirement, based on the normal retirement minimum pension and full unreduced Canada Pension Plan retirement benefit both determined as of that date, his accrued pension, including any escalation thereof and his related credited service. This further supplement shall then be added to and form part of the member's lifetime supplement.

9. B) Special 85 Point Retirement

For those employees who have 85 points but do not have the credited service please refer to the letter of understanding entitled "Special 85 point retirement".

Early Retirement Program Window

Due to excess manpower above requirements, the company and the union have entered into an agreement to reduce the seniority list during the life of the collective agreement by introducing an Early Retirement Program. Under the Early Retirement Program, increased pension benefits will be payable to employees who retire from employment on or after February 10, 2014, but no later than March 31, 2025, and who meet all of the following criteria on the date of their retirement:

1. the employee has attained age 55;
2. the employee's credited service and age adds up to 85 or more years (i.e. they have at least 85 points); and
3. the employee has completed at least 25 years of credited service.

An employee who retires under this Early Retirement Program Window will have their benefits calculated in accordance with the terms of the Labatt Retirement Plan for Wage Employees, as described in Schedule E of the collective bargaining agreement, except that the employee will:

1. be eligible for Special Early Retirement (normally available only to employees retiring on or after age 60 with at least 25 years of credited service).
2. receive an additional temporary supplement of \$500/month payable to age 65.

11. Other Early Retirement

At any time after you are age 55, you may request early retirement and elect to draw your pension. If you retire after having reached age 55 but prior to having qualified for Special Early Retirement or 85 Point Retirement, you are entitled to an immediate accrued pension equal to the amount of vested accrued basic pension to your credit for service to the date of your retirement, reduced by 1/3% for each month (i.e. 4% per year) you are under age 65 when your pension commences.

In addition, you will be entitled to receive a lifetime supplement calculated as if you had reached age 65 on the date of your retirement, but using your current unreduced vested accrued basic pension and your related credited service, the full unreduced Canada Pension Plan Retirement benefit and the normal retirement minimum pension determined as at your actual date of retirement. This lifetime supplement so calculated will also be reduced by 1/3% for each month (i.e. 4% per year) you are under age 65 when your pension commences.

12. Disability Retirement (before age 65)

As long as you are eligible to receive disability benefits under the Group Insurance Plan, you will receive service and basic pension credits under the Labatt Retirement Plan and you will not be retired. However, if you become partially disabled and you do not qualify for insurance benefits, you may qualify for Disability Retirement. Retirement under this provision requires that:

- you are at least age 50 and have completed 10 years of service, and
- you are certified to be partially disabled and thereby prevented from performing any work available with the Company, and
- it is mutually agreed by you and by the Company that you be retired under the Disability Retirement provision.

On retirement under the disability provision, you are entitled to an immediate pension equal to the amount of basic pension to your credit for service to your date of disability retirement, without reduction for your earlier age of retirement. In addition, until you qualify for the earlier of receipt of CPP disability benefits or the attainment of age

65, you will receive a monthly disability supplement equal to \$14.00 multiplied by the number of years of credited service up to 30 years.

At age 65 you will then receive a lifetime supplement calculated as if you had reached age 65 on the date of your retirement, but using your current unreduced vested accrued basic pension and your related credited service, the full unreduced Canada Pension Plan retirement benefit and the Normal Retirement minimum pension all determined as at your actual date of retirement.

13. Death After Retirement: Joint and Survivor Pension

Your vested accrued basic pension and minimum supplements are payable for as long as you live and cease as of the first day of the month in which your death occurs.

A plan member with an eligible spouse who takes Normal, Special Early, 85 Point, Disability or Other Early Retirement on or after April 1, 1999 shall receive a joint and survivor pension, unless the member delivers to the Plan Administrator (through your Human Resources office) a written waiver of such entitlement in the prescribed form within the 12 month period immediately preceding the commencement of the payment of the pension benefit.

Unless waived, your accrued basic pension and lifetime supplement, if any, shall be reduced by 10% during your lifetime. Upon your death, your eligible surviving spouse shall receive a pension of 60% of your reduced accrued basic pension and lifetime supplement, if any (subject to further actuarial reduction if your spouse is more than 10 years younger than yourself).

14. Death Before Retirement

If you should die while in the service of the Company and after you have met the existing eligibility requirements for a pre-retirement spousal pension, your eligible surviving spouse will receive a pension for his/her remaining lifetime. His/her pension will be equal to the amount of pension he/she would have received from the Plan had you retired as of your date of death and elected a reduced joint survivorship pension based on your reduced basic accrued pension and lifetime supplement (without the actuarial reduction, if any) but his/her pension may be subject to a reduction if he/she is more than 10 years younger than you. Pension payments to your eligible surviving spouse are guaranteed to return any required contributions you have made to the Plan, with interest, to your date of death.

If you die before your pension commences and your spouse is not entitled to a pension as explained in the preceding paragraph, any contributions you have made, with interest, to your date of death, will be paid to the beneficiary you have named or failing such, to your estate. You may change your beneficiary from time to time as permitted by law by completing a form which is available from your Human Resources Department.

The death benefit paid above shall not be less than provided in existing pension legislation.

15. If you Leave the Company

If your service is terminated (other than by retirement or death) and if you have completed at least 2 years of credited service with the Company, you will be entitled to a deferred monthly pension at age 65 equal to the accrued basic pension and lifetime supplement to your credit.

Instead of this deferred pension entitlement, you may elect to transfer the commuted value of your pension to your Registered Retirement Savings Plan. Any amount so transferred may be subject to Provincial locking in requirements.

If you were a member of the Plan before July 1, 1975, when your service is terminated, you may either:

leave all your contributions in the Plan and receive at age 65 a monthly pension equal to the basic pension to your credit to June 30, 1975 which is included in the pension referred to above, or

withdraw your contributions, plus interest, to your date of termination of service in which case you forfeit your credited service to June 30, 1975 and any pension in respect of such service which is included in the pension referred to above.

16. Escalation of Pension After Retirement

If you retire prior to April 1, 1988 from the service of the Company pursuant to any of the types of retirement listed above, your pension will be reviewed from January 1st of each year which follows your retirement date. Your accrued basic pension shall be increased on each January 1st following your retirement by the lesser of the percentage increase in the Consumer Price Index for the preceding year and 2%.

If you retire on or after April 1, 1988 from the service of the Company pursuant to any of the types of retirement listed above, your pension and lifetime supplement will be reviewed from January 1st of each year which follows your retirement date. Your accrued basic pension and lifetime supplement, if any, shall be increased on each January 1st following your retirement by the lesser of the percentage increase in the Consumer Price Index for the preceding year and 2%.

Any spousal pension will also be escalated applying the same formula, with the first increase occurring on the January 1st following your death.

Escalation of Pension benefit after Retirement should be only for service accrued before January 1, 2018 to a maximum of 25 years of credited service.

17. Other Information

A) *Annual Statement* -- You will receive a statement following each calendar year end showing the amount of benefits to your credit under the Plan.

B) *Benefits Not Assignable* -- The benefits provided under the Plan are not assignable, except as if specifically provided with respect to death benefits, nor may you borrow against them at any time. Similarly, except as specifically provided at termination of service or in connection with death, no benefit can be surrendered.

C) *Eligible Surviving Spouse* -- Your spouse is eligible for a surviving spouse's pension under Section 12 or 13 provided you have been married for at least one year before your retirement or death, whichever is earlier. Under certain circumstances, a common-law spouse may qualify and the Human Resources Department will answer your questions in this respect.

D) *Income Tax* -- All pension payments received from Company pension plans are considered as income for tax purposes in the year in which received. Your CPP and OAS pensions must also be reported as taxable income when you file your annual tax return. Similarly, all monies received in lump sum withdrawals or death benefits must be declared as income for tax purposes in the year in which received and are taxable unless such monies are transferred to a registered retirement savings plan.

18. Government Pension Plans

Statutory benefits from Government plans such as the Canada Pension Plan (CPP) and the pension under the Old Age Security Act (OAS) are in addition to the benefits payable under the Labatt Retirement Plan (LRP).

Under current legislation, your CPP pension is payable when you reach age 65, or as early as age 60 on a reduced basis. The amount of your CPP pension is dependent upon the amount of your earnings on which you have made CPP contributions and the period during which you contributed. To illustrate, an employee who retires at age 65 in 1999 and who is entitled to maximum benefits under the Canada Pension Plan, receives a pension of \$751.67 per

month when he retires. After CPP pension commences, it is subject to adjustment each following January 1st depending upon increases in the Consumer Price Index.

Your OAS pension is also payable from age 65 but if you take up residence outside Canada, your OAS pension may be discontinued unless you have been a Canadian resident for a prescribed number of years. If you plan to move out of Canada, you should check into these requirements. The amount of OAS pension is subject to quarterly adjustment upward if the Consumer Price Index increases. In January 1999 the OAS pension was \$417.42 per month.

Your spouse will also receive OAS pension benefits payable from age 65 subject to the same residency requirements specified above.

Application must be made to receive benefits from the Canada Pension Plan and Old Age Security and the applications should be filed 6 months in advance of your date of eligibility for such pension to ensure prompt commencement of your benefits. As well as retirement pension, the Canada Pension Plan provides certain disability, death and survivor benefits and further information can be obtained from your local Canada Pension Plan office.

Alternate scheduling or notice may be required for maintenance personal to address production or service requirements as per existing practices.

Provided there are no regular employees scheduled to work less than full time hours or remaining on layoff, the employer may recall a temporary employee to work such additional hours. Should the trade protocols be challenged by another province the company and the union will make their best efforts to secure the trade protocols. LABATT BREWERIES NEWFOUNDLAND**

This will confirm the understanding reached between the Executive of N.A.P.E. Local 7004 and the Company during 2013 negotiations concerning deferred retirement.

Should mandatory retirement at age 65 be no longer permitted by law in this Province and a regular employee continues in employment beyond his normal retirement date, the following conditions shall govern such employment and be added to the Collective Agreement.

The Pension to which the employee has become entitled at his normal retirement date (the "Pension") shall be frozen as of the employee's normal retirement date as defined in the Pension Plan.

The employee's Pension shall become payable as of the first day of the month immediately following the month the employee ceased to be employed with the Company or as of the first day of the month immediately preceding the employee's seventy-first (71) birthday, whichever shall first occur (the "Pension Date").

**LETTER OF UNDERSTANDING NO.19: GOVERNING EARLY RETIREMENT WINDOW PROGRAM
LABATT BREWERIES NEWFOUNDLAND**

Due to excess manpower above requirements, the company and the union have entered into an agreement to reduce the seniority list during the life of the collective agreement by introducing an Early Retirement Program. Under the Early Retirement Program, increased pension benefits will be payable to employees who retire from active employment on or after February 10, 2014, but no later than March 31, 2025, and who meet all of the following criteria on the date of their retirement:

the employee has attained age 55;
the employee's credited service and age adds up to 85 or more years (i.e. they have at least 85 points); and
the employee has completed at least 25 years of credited service.

An employee who retires under this Early Retirement Program will have their benefits calculated in accordance with the terms of the Labatt Retirement Plan for Wage Employees, as described in Schedule E to the collective bargaining agreement except that the employee will:

be eligible for Special Early Retirement (normally available to employees retiring on or after age 60 with at least 25 years of credited service).

retire at the Special Early Retirement (SER) figures of February 10, 2014 (\$3323), (rather than the existing minimums at the time of the retirement) plus receive the retirement window of \$500 (as identified in Schedule E).

be recalculated (if the employee retires during the life of this collective agreement and his pension entitlement is recalculated during the life of this collective agreement) at the Normal Retirement Date (NRD) of February 10, 2014 (\$3675), (rather than the existing minimums at the time of the recalculation).

In Addition, any employee who does not retire under the Special Early Retirement Program, but does retire in accordance with one of the clauses outlined in Schedule E, will be entitled to the benefits specified for February 10, 2014, in that particular clause, regardless of the year in which they retire. This option will cease to exist as of March 31, 2025.

For greater certainty, the benefits outlined here are inclusive of, and not in addition to, the benefits otherwise payable under the Labatt Plan for Wage Employees.

This Early Retirement Program will cease to exist as of March 31, 2025.

**LETTER OF UNDERSTANDING NO.20: SPECIAL 85 POINT RETIREMENT
LABATT BREWERIES NEWFOUNDLAND**

Pension for Specific Employees

This will confirm the understanding reached between the Executive of NAPE Local 7004 and the Company concerning pension for the attached list of employees.

For the attached list of employees, service between an employee's date of hire and date of pension plan entry will be recognized to determine their eligibility for an 85-point unreduced early retirement. The actual pension benefit to these employees will continue to be based on their credited service.

For instance, if an employee joined Labatt at age 25, but did not enter the pension plan until age 35, by age 55 they would have 20 years of credited service and 85 points (based on service from the date of hire). The employee would be eligible to retire with a pro-rated unreduced lifetime benefit, where the pro-rate would be 20/25 of the full benefit.

This benefit will only apply to employees on the list who choose to retire. It will not apply to employees who are terminated.

**LETTER OF UNDERSTANDING NO.22: GOVERNING RETIREMENT PLAN FOR WAGE EMPLOYEES IN
NEWFOUNDLAND
(THE "REGISTERED PENSION PLAN")
LABATT BREWERIES NEWFOUNDLAND**

Under the terms of the Registered Pension Plan, pensions payable to members must be limited to the maximums allowed under the Income Tax Act and the Regulations to the Income Tax Act. These limits are described in Article 4 of the Registered Pension Plan. As a result of the improvements negotiated effective March 1, 2014, certain members who elect to retire from employment prior to April 1, 2020 may have their pensions restricted by these maximums. If a member's pension is restricted by the limits, the member will receive a pension directly from the Company (the "payroll pension") in accordance with the remaining provisions of this letter.

In order to be eligible for the payroll pension, the member must retire directly from employment:

- (a) on or after March 1, 2014 and before April 1, 2020;
- (b) on or after age 55, but prior to age 65, with a minimum of 25 years of Credited Service; and
- (c) with a minimum of 85 points (i.e., on the date of the member's retirement from employment the member's age and Credited Service adds up to 85 or more years).

Credited Service has the same meaning as under the Registered Pension Plan.

The amount of payroll pension to which the member is entitled is the excess of A. over B., where:

A. is the amount of pension which would be payable from the Registered Pension Plan calculated without reference to the restrictions imposed by the Income Tax Act and the Regulations (i.e. Article 4 of the Registered Pension Plan); and

B. is the amount of pension payable under the Registered Pension Plan recognizing the restrictions imposed by the Income Tax Act and the Regulations.

The amount in A. will be determined in the same form of pension as the pension in B.
